

CONFIDENTIAL

2 March 1964

MEMORANDUM FOR: Mr. [REDACTED] Special Activities Staff

25X1A

SUBJECT : Overseas Candidate Review Panel

1. Does your office have, or can you get, statistics on the numbers of people (staff employees, staff agents, career agents, contract employees, contract agents, consultants and key project people) who were brought home before completion of their tours in FY-62, FY-63 and FY-64 to date because of misconduct, emotional instability, similar family problems, non-satisfactory performance, etc? I am told that during FY-63, 35 commo personnel were brought home before completion of their tours for all reasons which I am sure include reasons in addition to those above.

2. What would be your position on extending the jurisdiction of the Overseas Candidate Review Panel to:

- a. Include all such personnel proposed for PCS assignments
- b. Include all such personnel proposed for lateral transfers
- c. Include all such personnel proposed for TDY's
- d. Post mortem each case in all of these categories returned from overseas for cause?

3. What would be your position on requiring all cases in which the OCRP recommends against a person going overseas to go to the Deputy Director concerned for resolution rather than a lower echelon as is the case at present? Do you have any statistics on the numbers of people in FY-62, FY-63 and FY-64 on whom the OCRP recommended against their going overseas who had to be returned for the above reasons?

4. Do you have any statistics on the number of cases considered by the OCRP during FY-62, FY-63 and FY-64; statistics on those cases in which the OCRP recommended against going; and statistics on those who because of the recommendation of the OCRP did not go?

[REDACTED] 25X1A

Inspector
